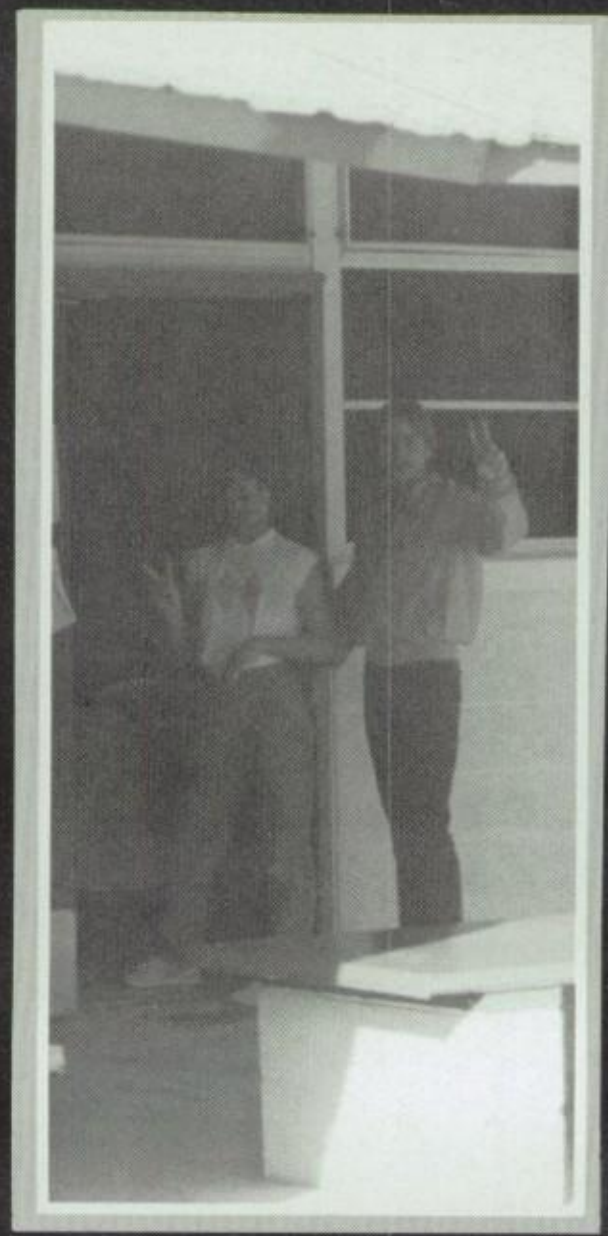
D. V. GUIDE



All the world's a stage, and all the men and women merely players: They have their exits and their entrances; and one man in his time plays many parts, his acts being seven ages. At first the infant, mewling and puking in the nurses's arms. And then the whining school boy, with his satchel and shining morning face, creeping like snail unwillingly to school . . .

As You Like It
William Shakespeare

DEDICATION

.... To our advisor Rhonda Cosner. For all the long hours and hard work you've dedicated to us and the yearbook, we the yearbook staff dedicate this book to you.

Miss Cosner has been teaching at Death Valley High School for five years now, all of which time she has been the advisor of the yearbook. She is also the advisor of the school newspaper and the teacher of five academic classes: Civics, World History, American History, Computer Science, and Business. She graduated from the University of California, Irvine with a B.A. and then went onto the University of Nevada, Las Vegas to graduate with an M.Ed.

We'd like to thank you, Miss Cosner, for everything you've taught us and all the help you've given us.

ADMINISTRATION

Mr. Michael H. Denner
Superintendent of Death Valley Unified School District

When I think of the many problems that face schools in our present time, from budget cutbacks to the ever - changing laws, I am reassured that we will strive forward with pride and success. If we had a course in "Survival Skills," the community, staff, and student body of Death Valley Schools would receive an "A+". Times may be hard now but we have survived worse and we always will.

As a quote from "The Circle of Light" series of books states-

"It always takes a long night
to make the day welcome."
- Neil Hancock

We have had our "nights"-
let's look forward to
"days filled with sunshine and hope."

SENIOR WILLS

I, MARIA DOMINGUEZ, do hereby leave my accent to Jim Thrailkill, my good times to my sister, Cecilia, and all my love to Doug.

I,MARK EUTSLER, being of sound mind and body, go hereby leave my athletic ability to Mike Polda, my ability to get in trouble to the Class of '85 and '86, and my good looks to anyone who needs them (ha ha). I also leave all the good times at Death Valley High to the future classes.

I, RAUL HERRERA, being of sound mind and body, do hereby leave my French accent to Michelle Paiz, my ability to get in trouble to the Thrailkills, my athletic ability to the future teams at this school, especially Mike Peek, and all my good times to the future seniors.

I, CINDY MELNIK, being of crazy mind and weak body, do hereby will my wiggling nose to M.R. Tom Williams, my position as Student Council President to Carla Carrington (she needs the authority). I also will all the fun and good times I've had to future seniors. I will my undying friendship to Paul C., Mike B., and Carla C., but most of all, I will my undying love and friendship to Clare Indian Boland.

I, TRITA STOTTS,being of sound mind and tall body, do hereby will my ability to get along with people to Carla Carrington and Clare Boland. I leave my Student Council Secretary position to anyone with fast hands and a lot of patience. I leave my "peaceful feelings" to Miss Cosner, may she use them well. I leave my spastic attitude to Tom Williams because he always made fun of mine. I leave the friendship, good times, and happiness I've known to Cecilia Dominguez and the Class of '84.

I, DAVID WILSON, will my bottom locker to Angela Monte, who needs it. I will all of my good times to Steve Anderson, Nacho Padilla, and my sisters, Lisa and Sandy Wilson. I will my academic abilities to the Thrailkills because they need them. And last, I will all of my best to the Class of '84.
